Comprehensive review of the IFRS for SMEs: STAREP’s countries response

07 May 2020, KUDO-Way platform

FOREWORD

This virtual seminar is dedicated to the recent announcement by the International Accounting Standards Board (IASB) on IFRS for SMEs comprehensive review and request of information. Additional information is available following the link https://www.ifrs.org/news-and-events/2020/01/iasb-consults-on-approach-to-updating-its-ifrs-for-smes-standard/

Currently, IFRS for SMEs is standards is adopted by 4 STAREP countries, i.e. Armenia, Azerbaijan, Georgia and Ukraine and consequently providing IASB with a consolidated regional feedback would be of a greater value.

Countries, where IFRS for SMEs is not adopted are highly encouraged to be active and to provide their feedback from a theoretical point of view and considering the perspective that one day the standard could be adopted.

The aim of this virtual seminar is to support STAREP countries to better understand the objective and the structure of the recently announced comprehensive review and request of information by the IASB on IFRS for SMEs.

It is expected that the second virtual seminar (date TBD) will discuss the collected feedback and agree on the consolidated position of participating countries.
