Public Sector Accounting and Reporting Program

PULSAR Program is co-funded by:

Swiss Confederation

Federal Department of Economic Affairs,  
Education and Research EAER  
State Secretariat for Economic Affairs SECO

# The Public Sector Accounting (PSA) Survey

2

- The PSA Survey is a **deliverable** under Subtask 1 which focusses on raising awareness and the rationale to reform
- **Stocktaking exercise** of the PSA environment
  - will inform the initial rollout of the PULSAR project
  - aid in creating awareness among the preparers, policy makers and other stakeholders
  - identify good practices which will stimulate peer to peer learning.
- The comparative study should create a genuine **baseline scenario** against which progress can be evaluated
- The study will be delivered in **cooperation** with our longstanding partners from the **ZHAW**
- The results will be presented at the November 2018 **Ministerial Conference**

# The Questionnaire

3

- For the launch event last year we conducted a similar exercise
- This questionnaire will comprise **around 80 questions** on the accounting and training environment
- It is designed to facilitate data collection which will then serve as **basis for the study**
- **Areas** that the questionnaire will focus on:
  - Accounting education and training environment
  - Legal framework, accounting standards, ongoing reforms
  - Cross cutting issues such as budgetary system, internal/external audit, IFMIS
- We expect it will take about **1 working day (2 max.)** to complete it
- The questionnaire will be sent out **end of April** and we would kindly ask you **return it by July 20**
- Transfer of **data rights** will be included as the PSA Survey will be made public

## How you can help
