Proposed Revisions to IES 2,  
3, and 4 – Sustainability

# Questions for the feedback

- 1. Do you support the proposed revisions to IES 2, 3, and 4 for sustainability?
- 2. Are the sustainability learning outcomes sufficient and appropriate expectations for aspiring professional accountants?
- 3. Do you support the proposal to create of a new competence area for assurance? Is the level of the proposed assurance competence area and learning outcomes at foundation level, appropriate for aspiring professional accountants?
- 4. Are there any terms within the new and revised learning outcomes of IES 2, 3, and 4 which require further clarification?
- 5. Do you believe that the adoption and implementation, including the proposed effective date, of the proposed revised IES 2, 3, and 4 will present any challenges to your organization?

# Questions for the session

1. Whether sustainability-related aspects are introduced or are planned to be introduced into the accounting education program? How? At what level (IPD/CPD)? Who is leading the process?
2. Is there a country concept or strategy for introduction sustainability reporting and if it covers accountancy education?
3. What are key challenges in introducing sustainability-related aspects into the accountancy education programs?

**5 - 10 minutes for a group discussion by countries**

# Thank you!
